

571—29.10(8,77GA,ch1219) Commission review. The commission will review all committee recommendations as well as recommendations from the director and staff of the department at the first commission meeting following the review session. The commission may make alterations to the recommended priorities of projects and may reject any application recommended for funding or may approve any application not recommended by the committee or the director and staff. Reasons for change or rejection of any recommended project must be included in the motion to change the order or to reject any project. Commission action will result in three categories of projects: (1) approved for immediate funding; (2) approved for funding but placed on a reserve list to be funded from current funding cycle in the event that higher ranking projects fail to be implemented; and (3) disapproved for funding.
